Must return within 30 days of purchase with copy of dated register receipt.

Please retain a copy of the warranty card for yourself.

AeroLEDs™ LIMITED WARRANTY AND LIMITATION OF LIABILITY

AeroLEDs™ warrants that on the Date of Purchase this Product will conform to AeroLEDs™ published specifications for the product, which are available from AeroLEDs™ on request. AeroLEDs™ warrants that the product is free from defects in materials and workmanship. This Limited Warranty extends for five (5) years from the date of purchase or from when the AeroLEDs' product is installed and entered into aircraft logbook.

This Limited Warranty does not apply to parts or products that are misused; abused; modified; damaged by accident, fire or other hazard; improperly installed or operated; or not maintained in accordance with the maintenance procedures set forth in AeroLEDs™ installation and operating instructions. A warranty card must be registered in order to qualify for warranty.

CAUTION – Remove existing Xenon strobe unit(s) and power supplies before installing AeroLEDs LED Nav/Strobe lighting products. Connecting AeroLEDs' units to a legacy high voltage strobe power supplies will damage the AeroLEDs' product and void the warranty.
